

CLOSE PROTECTION (BTEC LEVEL 3)

COURSE OVERVIEW

The Blue Mountain SIA-approved BTEC Level 3 course in Close Protection provides a comprehensive package of skills, delivered in a diverse range of environments and in a number of fast moving, challenging and realistic scenarios. You will learn a wide range of skills including threat assessments, surveillance, team work, self-defence, vehicle techniques, IED awareness, communications and kidnap for ransom situation training.

This intensive and demanding course allows you to access the skills and expertise we have acquired from decades of operational experience in UK Special Forces, specialist police units and the intelligence services. Our course exceeds industry requirements and will, wherever possible, introduce additional elements to prepare you for CP deployments, which might include: simulated kidnap, talks from people who have been held hostage and opportunities to talk with experienced operatives from our own CP teams.

COURSE SYLLABUS
